#### **Industry Structure & Developments**

India's textile sector is one of the mainstays of the national economy. The country continues to be the only country other than China to have the full textile chain i.e. from fibre to clothing. However, the year was marked with one of the biggest reform in indirect taxes - The Goods and Service Tax (GST), which was implemented with effect from 1st July 2017. The Indian Textiles and Apparels Industry being unorganized sector faced major challenges in adapting to the new regime due to their unpreparedness and its complexity. However efforts were made to simplify and make the system user friendly with series of amendments.

The inverted duty structure of 18% in case of Synthetic and blended yarn, as against 5% on fabric, resulted in huge input credit getting blocked with fabric manufacturers who resorted to drastic production cuts and large scale protests. The duty structure was partially corrected by reducing the GST rates on synthetic and blended yarn to 12% in October, which gave some relief to the industry.

#### Company's Business

The financial performance of our Company has been adversely affected due to weak market conditions in domestic as well as export markets. Due to low demand and pressure on prices, the margins have been under pressure.

Demand for polyster yarn from manufacturers, converters doing job works and small traders has been going down because of the cash crunch which is still persisting in textile hubs including Bhiwandi, Gandhinagar, Erode, Bellary etc. Unless the general market improves all over the country, including small towns, the situation will remain challenging.

We have taken various steps to offset the challenges in the competitive business scenario by focusing on direct sales to brands / retailers, introduction of new markets, penetration in Out to Out business module by offering niche products with sustainable finishes, and reduction in product and utility costs.

The Company is optimistic of its improved performance.

We have audited the internal financial controls over financial reporting of JATTASHANKAR INDUSTRIES LIMITED. ("the Company") as of 31st March 2018 in conjunction with our audit of the standalone Ind. AS financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
